LIBERIA MISSIONS

Over 1000 copies of training materials and 4 cartons of Bibles were distributed among the indigenous disciples and missionaries.

We are believing God for at least 2000 indigenous disciples to be trained.

Thank you so much for encouraging missions and missionaries with your sacrificial giving.

It's all about fulfilling the Great Commission.

Liberia Missions

We worked rigorously among the unreached communities in Liberia teaching, preaching and ministering to their physical needs. Since few men are answering the call to reach out to these unreached people, the Lord has been helping us to provide discipleship materials for them, give them Bibles and prepare them for the Great Commission.. We did not just give them Bibles, we also encouraged them to read and study together so that they can grow and become disciple makers.. To reach the ends of the earth, indigenous disciples must be trained, equipped and sent. We are committed to fulfilling this mandate by His grace.

LIBERIA MISSIONS

We are grateful to God for what He is doing in Liberia. Newly planted churches in Liberia were also given materials for their church buildings. Winning souls, Planting churches, Raising disciples, and Setting up churches. To God be the glory!

THANK YOU FOR PARTNERING WITH US

50 benches were distributed among some of our churches in Liberia. Thank you so much for encouraging missions and missionaries.

Several students were also led to Christ via School outreaches. These students may have been searching for meaning or struggling with difficult situations, they have now found hope and peace in Christ.

WATCHMEN GUINEA CONAKRY

Here is a town chief in a village where we have just planted church in Guinea Conakry. According to him, he has never had any opportunity of hearing the true gospel all through his lifetime. He said that he had been hoping and trusting God that one day a church would be planted in his community. Since we have planted our mission church, he has single-handedly mobilized the entire community to come together and coordinated the moulding of about 2000 bricks. Baba attended all our training sessions day and night and participated actively all through. He was so grateful to God that he could have a place to serve God until the end of life. There are countless of men and women waiting for the preachers.

We also gathered people from different communities together for days for discipleship training sessions with adequate provision for their feeding. Thank you for your support!

WPMI GUINEA CONAKRY

Last year, we took the gospel to this village in Guinea Conakry. This is one out of thousands of villages without a single church or any presence of the gospel. We preached to few number of souls and led them to Christ.. As at today the number of the disciples have increased to about 200 souls.

They are preparing to build their church. They have moulded thousands of bricks, waiting for God to provide materials like cements, roofing materials etc for them to start.

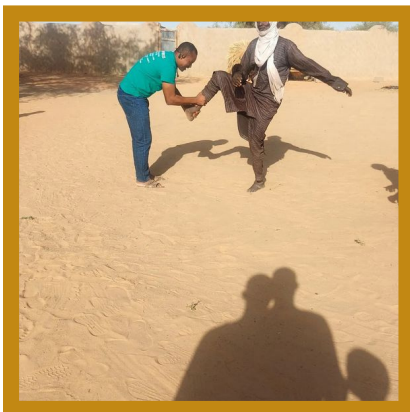

.We are thrilled to announce that, thanks to your generous support, we were able to provide a brand new bike for our missionaries. This bike will greatly assist them in their work and allow them to reach more people in remote areas. Having reliable transportation is crucial for our missionaries, and your support has made this possible. We are grateful for your continued support and look forward to seeing the impact this new bike will have on the lives of those our missionaries serve.

NIGER REPUBLIC MISSIONS

We recorded three instantaneous miracle of of healings and deliverances in Niger Republic. A middle age man was almost lifeless when they brought him, we prayed and the Lord healed him, he walked home with his legs. An elderly woman was completely delivered from strange objects moving round her bod. By the Grace of God, we ministered salvation by faith through Jesus Christ to them and they confessed Jesus Christ as their Lord and personal Saviour. Jesus uses miracles to draw souls to Himself most especially in the hard to reach regions of the world. No matter how powerful the gospel is, someone must share it with the unsaved souls. There is a reward for every soul winner, both in time and in eternity.

Every investment made towards the salvation of souls shall be bountifully rewarded by God. The Greatest event here on earth is the one that is designed to bring souls to Christ

WATCHMEN NIGER REPUBLIC

You cannot separate the gospel from humanity. The peculiarity of rural outreaches and missions is that there are so many of them who are also suffering from hunger, lack of good water, health and education. As we minister to the spiritual needs of these precious souls, casting out demons, praying for their healing and in some cases buying drugs for them, the Lord is helping us to minister to their physical needs as well. This is why it is very important to support rural missions not only in prayers but also with whatever we have.. The Bible says, He who gives to the poor, lends to the Lord.

Hausa & Fulfulde Audio Bibles

In the period under review, we also received additional 20 Audio Bibles in Hausa and Fulfulde languages. The impact of these discipleship tools has been so encouraging. Grateful to God for the provisions.

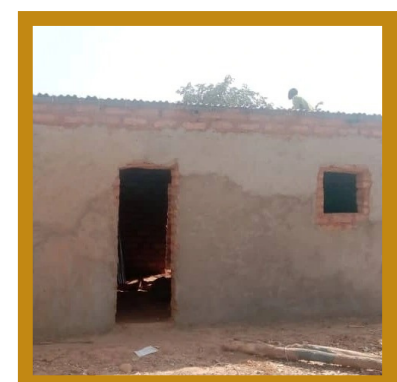

NIGER REPUBLIC MISSIONS

Our second missionary in Niger Republic has been working among the Unreached for so long without a place to keep his family. The last time we visited them, we all slept under the shed in an open field. The young converts and disciples would gather under the tree for services.

Some of them could not come because of persecution and the fear of being thrown away by their families.. We thank God the the timely intervention given by Mission Enablers towards this missionary residence.

We are believing God for fencing and a school of disciples as we seek to advance the work in Sahara region.

Thank you everyone for supporting Missions and missionaries..

BENCHES ALL OVER AFRICA

CHURCH PLANTING MOVEMENT

Church planting movement among the unreached communities comes with so much responsibilities. It is one thing to lead souls to Christ, it is another thing to disciple them and grow them up into maturity. The Lord has helped us to plant hundreds of churches yet without a single structure. Most of them are still holding their services under the tree, community house, rooms and open space. We don't want to build Church immediately since the converts and not the building is the real Church. As the number of the disciples keep increasing, there will definitely be a demand for a fellowship centers for them. By the grace of God, the ministry is committed not only to feed them with God's Word, but also set up worship centers for them.

Thank you for encouraging missions and missionaries. Thank you for being part of this mandate. Together, we shall fulfil this mandate. Reaching all men courageously. Until no place is left remaining.

TRAINING SESSIONS

DISCIPLESHIP TRAININGS

Thousands of indigenous disciples and missionaries have been trained, equipped and equipped for the past 7 years. So many of them are now church planters, reaching out to their own people because they have been well taught and instructed. The Great Commission is all about raising men and women among every language, tribe and tongue who will also raise disciples that will do the same. Matthew 28:19-20 says "Go therefore and make disciples of all the nations, baptizing them in the name of the Father and of the Son and of the Holy Spirit, teaching them to observe all things that I have commanded you; and lo, I am with you always, even to the end of the age." Amen. No single person can reach the entire world alone no matter how anointed they are. The essence of this mandate is to raise men and women through effective discipleship, equip and empower them to get the work done.
